

STEP UP TO A HIGHER LEVEL
OF QUALITY, PERFORMANCE
AND RELIABILITY

STAND-ON, PUSH THE PEDAL AND START CLEANING

SC1500 is an innovative stand-on scrubber dryer providing you with superior efficiency due to unprecedented ease of use, increased performance, high quality and reliability. It is an investment in Nilfisk quality that will pay off year after year.

SC1500 brings ease of use to a whole new level. Just step up and you are ready to go. The intuitive display makes it easy for the operator to handle the machine even for the first time, and the small size and handy steering makes maneuvering easier than ever.

Due to its easy handling, high capacity and silent operation SC1500 is the obvious choice for hospitals and health care facilities, schools, office buildings, restaurants, shops and supermarkets as well as sport centers.

Like all Nilfisk machines, it is built with your needs in mind. Outstanding ergonomics and simple, intuitive controls reduce fatigue and require a minimum of training. You can do your job more efficiently and save time and money in the process.

- Easy handling. Just step up and go.
- OneTouch scrub ON/OFF switch and two brush pressure settings for securing high cleaning performance.
- Intuitive dashboard with user-friendly menu for setting parameters for cleaning conditions and floor type.
- 44 liter tank with electronic controlled water flow allows cleaning up to 75 minutes per tank.
- Low noise level and a silent mode option, makes it ideal for sound sensitive areas and daytime cleaning.
- Up to 3.5 hours battery running time and optional on board charger increase productivity, performance and reliability.
- Environment-friendly and cost saving optional Ecoflex system.

Why walk behind when you can get better productivity getting a ride?

A small footprint and yet 51 cm scrubbing power combine performance with easy maneuvering

The intuitive dashboard, one touch button and user-friendly menu for operation settings make SC1500 easy to operate even for beginners

Low noise levels allow for daytime cleaning in sensitive areas such as schools, hospitals, etc.

44 liter tank, allows cleaning up to 75 minutes per tank

RELIABILITY IS ALSO OUR MANTRA WHEN IT COMES TO SERVICE

A Nilfisk machine functions optimally when cared for by regular service and maintenance visits. Therefore we have created the optimal service solution: four levels of service reflecting different requirements and an optional supply of a substitute machine in critical situations.

24-HOUR SERVICE

Full Service+ Solution

A total coverage package offering four maintenance visits a year + service at a known fixed cost. Optimal for customers with a need for extensive daily cleaning. Labour, travel expenses, spares and parts are all included.

Full Service Solution

A package offering four maintenance visits a year + service. Ideal for customers who clean daily. Labour, travel expenses and spares are included.

Standard Service Solution

This package provides two preventative maintenance visits a year. Labour and travel expenses are included.

Subscription Solution

By entering the subscription contract, the customer agrees to a minimum of one maintenance visit per year.

51 cm cleaning width and two pressure settings (23/30kg) for maximum cleaning performance

44 liter tank ensures long operating times and top productivity

Ecoflex and electronic water flow guarantee reliability and environmentally friendly, flexible and easy cleaning at reduced cost.

Easy removal and cleaning of the squeegee without any tools

Step up and start cleaning – fast and convenient

User-friendly menu allows easy setting of cleaning parameters

The innovative dashboard is easy to use and requires minimum training

Low center of gravity makes the machine stable and safe and a shock protected brush deck insures high reliability

TECHNICAL SPECIFICATIONS

Description	Unit	SC1500
Voltage	V	24V
