

T291

Small Walk-Behind Scrubber-Dryer

Small Size. Big Value.

Get a lot of value in a small scrubber-dryer with a simple control panel, comfortable ergonomics, and straight-forward operation. Daily cleaning routine is made easy due to large recovery tank access, easy spin-on, spin-off brush/pad replacement and yellow touchpoints. Perfect for retail settings, schools and hospitals.

Comfortable & Easy to Maneuver

Maintain operator health and safety with great maneuverability, and maximize comfort with adjustable controls.

Simplify Operator Training

Easy-to-use control knob that visually shows selected mode. Conveniently select from 13 language options available.

Sustainable Performance

Reduce noise levels and water consumption while increasing run-time with ECO mode.

Inside the T291

1. **Self-leveling scrub head** for optimum cleaning performance.
2. **Simplified operator training** with easy-to-use pre-programmed cleaning settings, standard and ECO.
3. **Helpful machine information** is visible with intuitive and large LCD display.
4. **Simple daily maintenance** with large sized recovery tank opening enabling full access and visibility.
5. **Excellent water pick-up** from easily adjustable squeegee design and standard Linatex® blades.
6. **Simple no-tools**, no-touch brush/pad change system simply spin-on, and spin-off.
